**Committed to  
sustainable and  
pioneering women  
empowerment  
initiatives.**

The Women Education and Empowerment Trust (TWEET) is dedicated to advancing sustainable and groundbreaking initiatives that promote women's empowerment and strive for gender equity and social harmony.

TWEET takes a comprehensive approach to its work, focusing on education, healthcare, training and capacity building, livelihood

support, and relief & rehabilitation. Their goal is to promote the overall development of women, children, and socially excluded groups.

TWEET is committed to raising awareness and sensitizing women to social issues, their rights, and their duties, ultimately empowering them to become responsible and engaged members of society.

## Vision

TWEET's vision is to promote the social and economic empowerment of women and enable them to lead dignified lives with equitable participation in society.

## Mission

TWEET's mission is to reach out to women in need, address the root causes of women's issues in the country, and provide comprehensive support through multidimensional initiatives.

## Way to TWEET

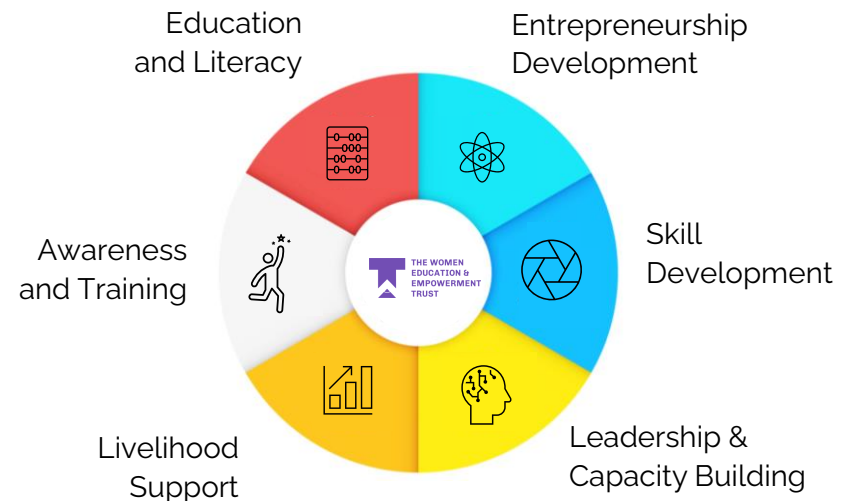

In a nation like ours, women are generally discriminated against, and subjected to various forms of abuse. Many women are denied or limited access to basic rights such as education, healthcare, shelter, and protection. The people behind this thought believe that women's empowerment is one of the most crucial aspects of the overall development of a society.

The Women Education and Empowerment Trust (TWEET) is one of the implementing partners of the 'Vision 2026' project that aims to delve into the issues and problems faced by women in India and ultimately aims at empowering women across communities and religions all over the country. TWEET, a registered Trust, was officially launched in 2019 in Delhi, with delegates from across the country bearing witness.

## What TWEET Does

### Reclaiming, Recognizing & Empowering Stature of Women

A positive intervention for the holistic development of women and children to strive for gender equity, societal harmony, and personal and professional growth by creating and strengthening support systems, irrespective of caste, creed, or community. Our major areas of work are:

## EDUCATION AND LITERACY

### Meritorious Girls Scholarship

TWEET, in order to promote girls from economically weaker backgrounds, has started a Meritorious Girls Scholarship Program. The scholarship helps girls to continue their higher education across various educational institutions.

### Literacy Program

TWEET runs Literacy Program with the aim of instilling basic reading and writing skills among community women. Continuous efforts of TWEET in the slums have generated interest amongst the women to attend the classes. This program helps women to develop self-confidence and opens doors to employment opportunities for them.

# AWARENESS AND TRAINING

## ■ ■ Widow Support Program

Through research-backed and need-based intervention, the women are provided with emotional and psychological support to cope with the trauma and move ahead in their lives. The TWEET Widow Support Program supports families who have lost their earning members and have no other means to fulfill their necessities. Through this program, TWEET adopts the family and provides them assistance in the education of children and other sustenance needs.

It provides financial support to widows who do not have a social structure to rely on. This not only helps them to manage their necessities but also reduces the chance of their exploitation. Support provided to widows is continuous and long-term. Beneficiaries of widow support programs are also linked with other programs such as skill development activities to help them rehabilitate.

## ■ ■ Socio-Legal Awareness

TWEET organizes awareness programs for women on social issues, employment opportunities, their rights, and responsibilities, and many other important topics. TWEET also organizes awareness sessions for widowed women and single mothers to discuss their challenges and possible solutions.

## LIVELIHOOD SUPPORT

TWEET's Livelihood Support Program is transforming the lives of destitute women facing financial hardships. By providing training and resources in income-generating activities, the program empowers women to lead a life of independence and respect.

Through this initiative, TWEET is creating a more inclusive and equitable society by providing opportunities for vulnerable women to improve their economic and social status. The Livelihood Support Program is a shining example of how targeted interventions can make a meaningful difference in the lives of the most marginalized in society and create a brighter future for all.

# ENTREPRENEURSHIP DEVELOPMENT

The entrepreneurship development program is designed to equip aspiring female entrepreneurs with the skills, knowledge, and resources needed to start and grow their own businesses. This program is tailored to meet the unique needs and challenges faced by women entrepreneurs, who often encounter barriers in accessing finance, networks, and training opportunities.

Through the program, women will have the opportunity to build their confidence and develop a growth mindset. They will learn how to identify market opportunities, develop a business plan, and access funding and resources to kickstart their venture. The program will also provide networking opportunities with like-minded entrepreneurs, investors, and industry experts, creating a community of support and collaboration.

## SKILL DEVELOPMENT

TWEET runs Skill Development Centers aiming at providing employment-oriented skills to community women. These centers play a vital role in empowering women by equipping them with marketable skills that enable them to become self-sufficient and financially independent.

Through the program, the women are also given the opportunity to explore self-employment or wage employment as a means of income generation. The centers also provide counseling and guidance to help the women identify their strengths and interests,

## LEADERSHIP & CAPACITY BUILDING

The Leadership and Capacity Building Program by TWEET is an initiative that aims to empower and mold women leaders from underprivileged communities. The program provides leadership training and capacity building workshops that equip women with the skills and knowledge they need to become effective leaders. Through this program, TWEET seeks to break down the barriers that prevent women from reaching their full potential and to create a pipeline of empowered female leaders.

TWEET recognizes the importance of acknowledging and celebrating women leaders who have made significant contributions in their respective fields. The organization honors and felicitates these women leaders, providing them with a platform to share their experiences and inspire others. By recognizing and highlighting the achievements of women leaders, TWEET hopes to encourage and motivate other women to pursue leadership positions.

# EMPOWER WOMEN AND TRANSFORM COMMUNITIES.

Donate now for women's education,  
entrepreneurship, and leadership.
